

NOTE DESIGN STUDIO X FABRICATE

RAFT XL

NOTE DESIGN STUDIO X FABRICATE

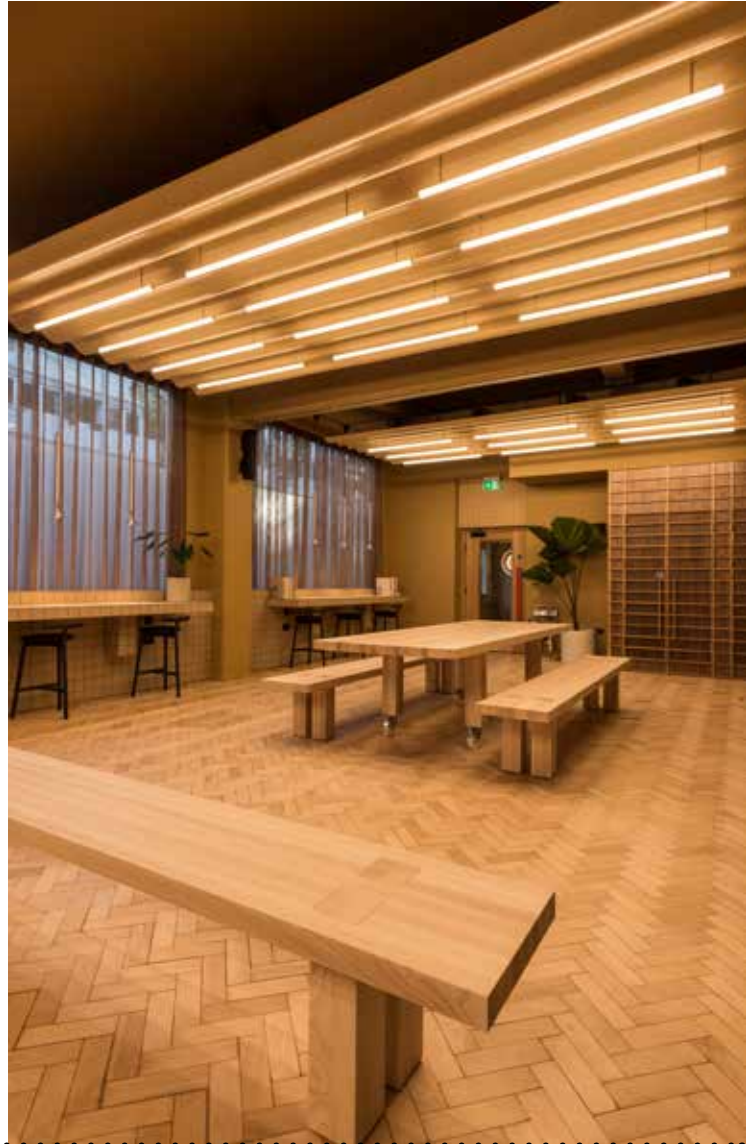

ABOUT

Fabricate was commissioned by the end client The Office Group (TOG) to realise the concept by Note Design Studio.

These sizeable corrugated metal custom coloured light rafts were developed with Note Design Studio, then manufactured and installed on-site in London by Fabricate.

The product solution was tailor-made to the exacting requirements of Note Design Studio and TOG to ensure they met the aesthetic and lighting technical brief.
